

## **DELIVERIES**

**We charge for our delivery and pick up service. Presently the In-Area round trip delivery fee is \$50. Out of Area deliveries will incur additional charges.**

**Deliveries are strictly door to door. Our crew will not deliver equipment inside your home or up or down stairs. If you have rented a tent, we will place the equipment under the tent. If, however, there is a long distance between our delivery truck and the tent installation site, we reserve the right to leave the equipment at your door.**

**All equipment will be neatly stacked when we deliver. We ask that you organize the equipment in the same manner when we return for pickup.**

**All orders must be paid prior to delivery. We will not load the truck with your order unless payment for your reservation has been made in full.**

**The delivery window needs to be a least four hours. Ideally your items will be delivered one day prior to your event. Delivery times can not be changed the week of the event.**
